ACTIVATION MANUAL

Ver. 5.0.0

TOTAPP ACTIVATION MANUAL

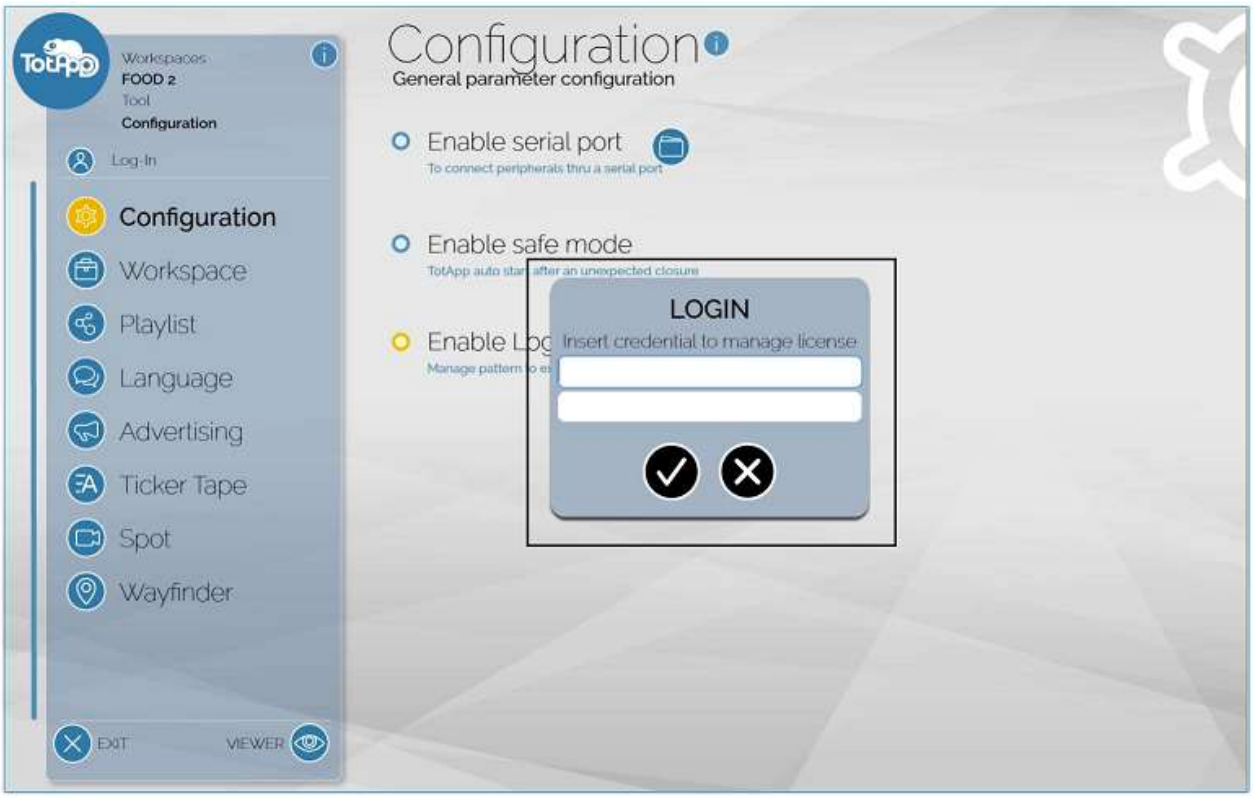
If you have not yet installed TotApp on your computer, download latest Demo version at the following link:

http://to-tapp.com/es/descargas/

Once TotApp has been launched press **"Ctrl + e"** and enter the default password **"admin".**

When you are on the Administration main page go to **CONFIG** button and press **Log-in** button.

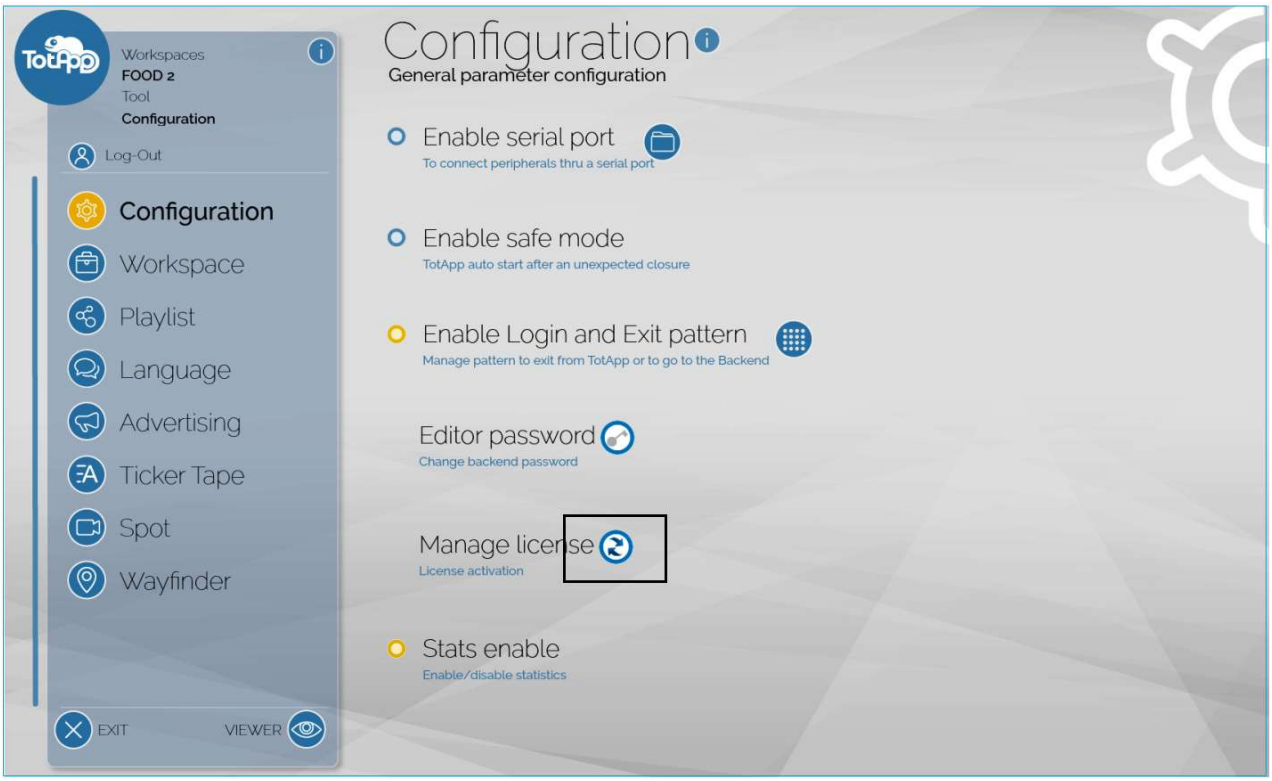
When you press **Log-in** button, the following window will be opened:

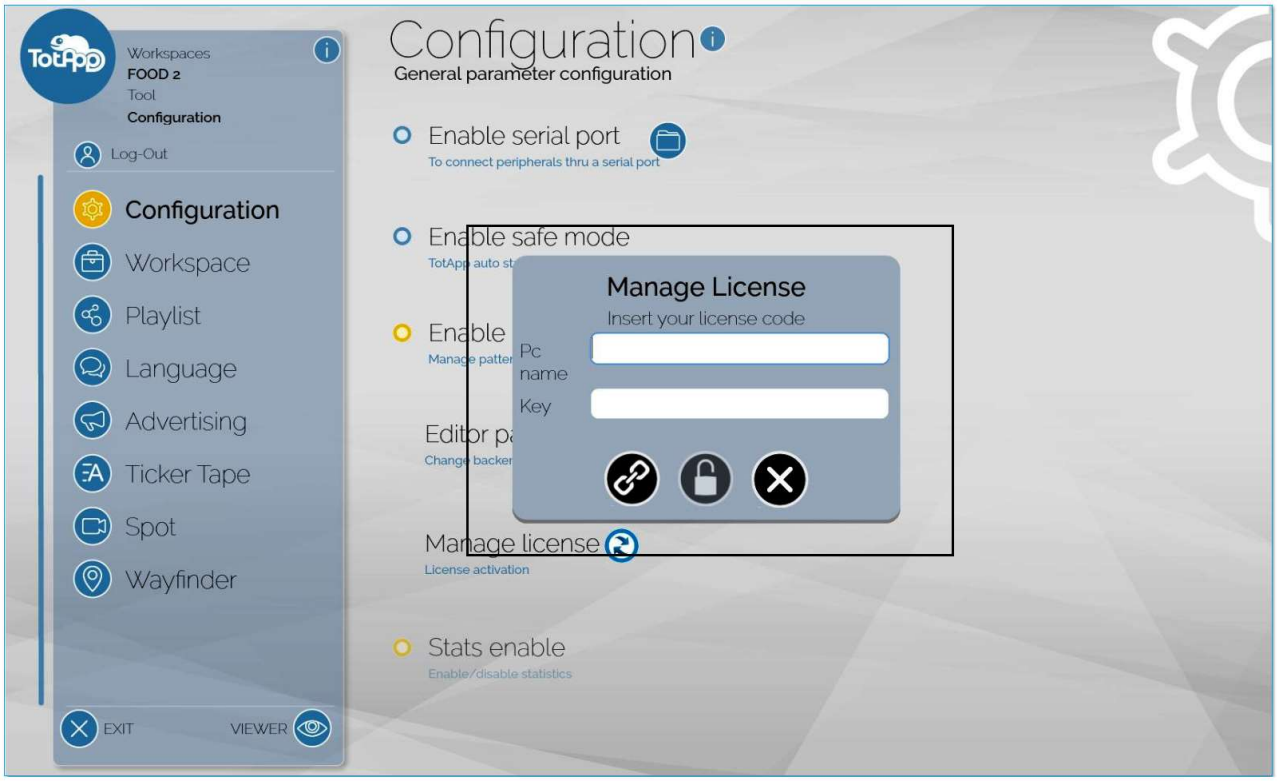


Enter the username and password Kamaleonte SL provided you and press **Log-in** button

(Kamaleonte SL will provide you a username and password depending of the version you have chosen).

Press "*Manage License*" and enter *PC name* (this name you enter will help you to identify the license) and *Key* code that was sent to you.





N.B: To execute these activation steps you will need an internet connection

For any requires do not hesitate to contact TotApp support department
